Recommendation:

Archaeological Publication

A well-known leader in the Cultural Relics and Archaeology!

China Archaeology Series

The Database includes detailed reports of “Report of the Three Gorges conservation ” “South of Conservation Project report "and some other large-scale conservation projects. Books received multiple awards all over the world, such as "The Complete Works of Guo Moruo” got the highest honor award of sixth "National Book Award“."The Complete Works of unearthed jade" and "The Complete Works of China” got 2005 and 2008 "Top Ten Archaeological Heritage and Museums National Book Award” in 2005 and 2008.

Archaeological excavation report

- Detailed records which include very reliable historical and scientific valued ancient history information;
- great span of history, record the first hand report of burial sites from New Stone Age to Ming. Wide geographical coverage, from north of Inner Mongolia to south of Guangdong.
